

## Invitation Letter

Dear Sir/Madam,

The 4th International Conference on Optical Communication and Optical Information Processing (OCOIP2026) will be held in Ganzhou, Jiangxi Province, China from July 17-19, 2026, which is organized by the School of Information Engineering, Nanchang University, China and the School of Physics, Hefei University of Technology, China, co-organized by the School of Communication and Information Engineering, Shanghai University, China, Jiangxi Provincial Key Laboratory of Advanced Signal Processing and Intelligent Communication, Jiangxi Provincial Engineering Research Center for Intelligent Medical Information Detection and Internet of Things. It features plenary speech, invited speech, oral and poster presentations with broad coverage and popular topics, including several special sessions. On behalf of the Organizing Committee, we warmly welcome you to join in OCOIP2026.

OCOIP focuses to present the latest theoretical advances and experimental state of the art in the newly developing field of optical communication and optical information processing, with particular emphasis on applications to communication, information storage and processing. The conference aims to share research results, advance the development of the discipline and promote the cultivation of talents.

OCOIP official website: <http://www.ocoip.com/>

Thank you sincerely for your support to OCOIP conferences!

Best Regards,

Organizing Committee of OCOIP 2026
